The past was pain. The present unclear. For Tyla Rand, her future couldn't be bleaker. Death follows her everywhere, especially to those she loves. Being a member of the royal pack, she believes her time of happiness will come. That is, until wolves from her old pack show up missing. Her mission is to find them, but she won't be going alone. Sebastian Lyall, a true born royal and the one man Tyla loathes, has offered to help in her quest. Their journey not only brings out their true desires, but attracts the attention of another, someone from Tyla's past. However, nothing is as it seems. Death is not done with her and now he wants her to pay. He won't be satisfied until he's taken everything away . . . including those she loves.

I've been different all my life: always something to hide. But that was only magic. Now ... I've never had a secret this big before. Werewolves know a thing or two about secrets. I thought I had it bad, visiting my sister in England and going to a spellcasters' conference behind her back. Turns out werewolves have been hiding here the whole time. And now they're being murdered. How was I supposed to say no when I was the one human--one outsider, one witch--they asked for help in finding the killer? A simple scry and I'd be back to my vacation. But the pack had other ideas. Between Zar's talk of moonlit beach strolls, Isaac's charm, Jason's kindness, Andrew's fast tongue, and even that bad boy thing Kage and Jed have going on, catching a killer could be the least of my problems. Did I mention they're gorgeous? They're gorgeous. Didn't know that was a werewolf thing. The wolves say they're here to protect me. Funny that I never needed it until they got me involved in hunting down a deranged serial killer. So now this is my vacation. A single witch, six sexy werewolves, and a murderer on the loose. What could possibly go wrong? This is Book 1 in The Witch and the Wolf Pack series.

When Lilah Murphy started serving drinks at the exclusive Platinum Club, she never expected she would be on the menu. Biotech billionaire Gavin Stanton had one taste of the new, curvy server and his craving could never be satisfied until he had her fully. Completely. Eternally. Fate brought them together, but a centuries-old secret could tear them apart, for the Stanton family holds a shifter legacy that no human has ever threatened. Until now. Gavin Stanton is the billionaire CEO of a Boston biotech firm. He's also a werewolf, the son of a large, ancient family with roots in the British aristocracy. His work is his life. But then he feels the Beat—an irresistible urge to mate with Lilah, a beautiful human who inflames his passions like no other—and he abandons everything he thought he knew in his need to claim her. Lilah Murphy is broke and desperate. All she wants is a job to support herself, her sister, and her ailing mother. The last thing she needs is to get involved with a rich, powerful guy who would discard her after a few hot nights together and get her fired at her new, high-paying job. But she, too, feels the Beat. She hears him in her mind, feels him in her soul, and the urge to answer the ancient call is undeniable. Is she strong enough to embrace his secrets—and her own? Two aliens have wandered Earth for centuries. The Changeling has survived by adapting the forms of many different organisms. The Chameleon destroys anything or anyone that threatens it. "The cliffhanger leaves one gasping, holding the breath, reaching for the next installment. Definitely a Five Star book."

this is a CLIFFHANGER short novella that is part of a serial. This is NOT a full-length book. Realizing the beautiful human surrender, Cassandra, was actually his mate rocked Trevor's world. It's also slowly unlocking his scarred heart. Claiming her as part of his pack will not only bring him many hours of luscious enjoyment in her company, it will also keep her safe. But even being a powerful alpha doesn't mean he can protect her from those who have their own desperate plans—no matter what the outcome. Snatched by the enraged members of a wolf pack who will never accept a human mate for their alpha, Cassie is about to die at their lethal jaws. Even her gorgeous, badass alpha mate, Trevor, can't save her now, because he has no freaking idea where she is. It's up to her to defend herself against the dangerous, violent wolves who view her as little more than collateral damage. Cassie's been taken by the pack—and her time is about to run out. To the reader: This story contains racy times with all the details, naughty language, and yes, a cliffhanger. If that isn't your thing, this story probably won't be either. To escape the cruel, overbearing, Kade, the Yukon Pack alpha she 's been promised to, Bailey Whitehill flees her home in search of a new life, one of freedom where she can make her own choices. Time is of the essence and choices have to be made or consequences suffered. Not only does Bailey fear Kade, but another danger lurks deep in the recesses of the forest. Unbeknownst to her, that danger is what she 's been searching for all along. At the turn of the moon, her fate hangs in the balance . . . and it 's up to her to make the right choice Sequel to First Omega As second in command of the River Wolf Pack, David takes his duty as ambassador to the Human/Werewolf Congress very seriously. With the threat of war, it's more important than ever to strengthen human/werewolf relations. But the meeting at the werewolf compound doesn't go very well. The humans find the homosexual, polygamous nature of the werewolves, along with the fact that the men can bear children, off-putting. On top of this, although David's human lover Jax says he loves David, he is not willing to take the bite and become a werewolf himself. David doesn't see how they can have a relationship, and even wonders if he would be better off mating with Brooks, an attractive beta in the pack. When David and Brooks are kidnapped by the vice president of the Congress, David has to think quickly to save his pack, even if it means throwing his own life away.
