

Ethereal King: Dragon Shifter Romance (In Dragn Protection Book 1)

Gabe thought he had covered all the angles, but it’s tough to plan a contingency for accidentally trapping an evil god in your brain. Gabriel Delling might call himself a professional con artist, but when walking superstitions start trying to bite his face off, his charm is shockingly unhelpful. It turns out living nightmares almost never appreciate a good joke. Together with a succubus who insists on constantly saving his life, Gabe desperately tries to survive a new reality that suddenly features demons, legends, and a giant locust named Dale—all of whom pretty much hate his guts. And when an ancient horror comes hunting for the spirit locked in his head, Gabe finds himself faced with the excruciating choice between death...or becoming some kind of freaking hero. Hero Forged is the first book in the new series, Ethereal Earth, a modern fantasy adventure that challenges the natures of myth, humanity, and what it means to be the good guy.

Gravedigger Volke Savan, desperate to leave his tiny home island and impress the most beautiful girl he’s ever known, breaks every tradition of the bonding ceremony just to become an arcanist. But when he’s tasked with killing a hero, he’s uncertain.

One haughty chameleid sky dragon + one sassy curvy chick who’s not about to put up with his entitled ways - however sexy he might be! Dragon prince Xephyr, of the noble race of chameleids, has fallen to earth with his clan through a tear in the ether and can’t get back home. With tensions boiling and no understanding of the rules of the human world, he and his clan seem to be doomed to a wretched life on a volcanic Pacific island. That is, until a boatload of tourists brings prophesied salvation in the shape of a feisty, curvy human named Josie. The only problem? He needs to convince her to become his mate and bearer of his dragonlets, but she’s having none of it. Josie Stanton has no idea what kind of royal prince Xephyr thinks he was in his former life, but he’s not going to be the boss of her! So what if the drop-dead gorgeous dragon has saved her from a violent fate, he’s desperate to marry her, and he’s everything she’s ever wanted in a man? With a father on the brink of collapse from exhaustion and two morons making her life hell at work, romance is the last thing on her mind right now. When Xephyr asks Josie for her help she finds it impossible to say no. But for this royal prince to win Josie’s heart and save his clan, he’ll need to prove to Josie he loves her for all her human qualities and become the hero that she needs.

This is the first book in a brand new dragon shifter series, full of romance, sexy dragons and laughs. HEA and no cheating, of course!

A day spent tracking down demon-filled boxes? Frustrating. Four powerful and sexy men in my life? Distracting. A night out in a fae drug den? Bad idea. I

Some heroes are born, some are made, and some are willing to fake it if the pay is good. And when old gods and monsters resurface to make things so much worse, he’s finally forced to admit that he might not be talking his way past any of it. Only an answer as the danger closes in. Is Warren my perfect slice of hero?

"The best book I've read in years." —Christine Feehan The incomparable C.L. Wilson brings her phenomenal Tairen Soul novels to Avon Books! Lord of the Fading Lands is the first book in the epic romantic adventure that combines sweeping fantasy with breathtaking paranormal romance.

USA Today and New York Times bestseller C. L. Wilson dazzles with a magnificent, heart-soaring tale of passion and great destiny—of the tormented Fey King Rain, the woodcutter’s daughter Ellysetta, who would be queen, and their eternal quest for true love in the mystical Fading Lands. Mina Louvet is a fighter, a human with a powerful will to survive in a world dominated by warlocks, soul-eaters, and shifters. Identified by the king’s witch as one of the rare, invaluable females in Dragons Realm who can give birth to a dragon’s son, she was stolen from her parents as a child and taken to the Keep to be reared in the ways of the Ahavi. As one of the few, the elect ~ the Sklavos Ahavi ~ Mina is expected to feed her master’s fire, reanimate his blood, and above all else, give him strong dragon offspring: children who will one day rise to power. But Mina, to her great misfortune, is far too intelligent for her own good: She has a stubborn sense of justice, and she is wholly incapable of blind submission. Dante Dragona is as cunning as he is lethal, as methodical as he is dangerous, and as terrifying as he is powerful. As the eldest of three dragon princes, he is destined to succeed his merciless father to the throne of Castle Dragon. But first he must do his duty to the Realm by governing one of its harsh, unforgiving districts and claiming a Sklavos Ahavi. Hardened by the sadistic abuse he endured as a child and shaped by the tragic suicide of his twin, the prince lives only to fulfill his obligations to the monarchy: to maintain law and order in a bestial land, to contain its magical inhabitants, and to keep the kingdom safe from its mortal enemies, the Lycanian shifters across the sea. Like all primordial dragons, he rules with an iron fist, dominates with absolute power, and punishes with fire. Those who oppose him die a swift and brutal death ~ subject, enemy, or slave ~ the Realm has no tolerance for weakness. When the iron resolve of a dragon prince clashes with the stubborn will of a slave, bonds will be broken, alliances will be tested, and a kingdom will be set ablaze. DRAGONS REALM by Tessa Dawn

This edition is the complete collection of the Claimed by the Elven Brothers novella series. #1 DECISIONIt started with a dream-a dream of two pine trees with a dead branch fallen between them along the jogging path she often frequented, but when Megan Reyes is driven to seek out the place in reality to rid herself of what was quickly becoming an obsession, instead of the big fat nothing she expects to find, she discovers more than she bargains for when she steps between the pines and is confronted by a very familiar pointy-eared man she last saw in her dreams. He and his brother have been waiting for her, and what they want will test how far she is willing to go to escape the dullness of her everyday life just for the chance to spice things up. #2 FATEAfter transitioning smoothly into the elven realm and settling into a routine of various social engagements and a newfound hobby, it's easy for Megan to forget that a pregnancy could soon throw her world into disarray. However, when months turn to years, she soon learns that the lack of a pregnancy can be equally as disruptive, especially when it's so easy to forget that not everyone is happy with her arrangement with Seren and Locien and tinkering with her memories is the least they are willing to do to ensure its failure. This book contains a ménage scene, adult language, and is intended for mature readers.

Heaven knows, we need never be ashamed of our wolfish cravings. . . . Bristly, sensitive, and meat-hungry Pip is a robust young whelp, an orphan born under a full moon. Between hunting escaped convicts alongside zombified soldiers, trying not to become one of the hunted himself, and hiding his hairy hands from the supernaturally beautiful and haughty Estella, whose devilish moods keep him chomping at the bit, Pip is sure he will die penniless or a convict like the rest of his commonly uncommon kind. But then a mysterious benefactor sends him to London for the finest werewolf education money can buy. In the company of other furry young gentlemen, Pip tempers his violent transformations and devours the secrets of his dark world. When he discovers that his beloved Estella is a slayer of supernatural creatures, trained by the corpse-like vampire Miss Havisham, Pip's desire for her grows stronger than his midnight hunger for rare fresh beef. But can he risk his hide for a truth that will make Estella his forever—or will she drive one last silver stake through his heart?
