that the Board continually examines its processes and curriculum to evolve and find resonance amongst the educational fraternity. In this context, CBSE had restored Class X Board examination from the academic year 2017-18 doing away with the CCE pattern. Further to this, on 29th March 2018, CBSE released an updated curriculum for Academic Year 2019-2020 on which this latest edition of Oswaal Unsolved Papers is based. We at Oswaal Books are always proactive to follow the changes proposed by the Board and implement the same as soon as possible to put the students, parents and teachers at ease. The Oswaal Unsolved Papers have been modified and

rewritten as per the latest Board guidelines in order to supplement the need of the students during the entire academic year! As the CBSE remodelled assessment structure is divided in two major parts namely Internal Assessment and Board Examinations, Oswaal Unsolved Papers have been designed to assist students to prepare for their multiple Assessment as well as the Board examinations with equal ease. Oswaal Unsolved Papers will not only help students with regular studies but will also equip the teachers with the most updated study material for the class. The unsolved questions provide ample scope for practice leading to better understanding of concepts. The

solutions to all the unsolved questions can found in Oswaal Question Banks for the specific subjects. The Unsolved Papers have been designed with a lot of care and attention to details. All chapters are arranged 'TOPICWISE' where each topic is explained in detail and covers all typologies of Questions specified by CBSE. We hope to make Oswaal Unsolved Papers a student's best companion to sail through the entire academic year smoothly. Some of the key highlights of Oswaal Unsolved Papers are:

- Strictly based on the latest CBSE Curriculum issued on 29th March 2019 for Academic Year 2019-2020
- Previous Years' Board

Unsolved Questions have been given for practice • Handwritten Toppers' Answers and all Typology of Questions including Objective Type have been given for each chapter. • 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience. • Suggested videos at the end of Chapters are given for a Hybrid Learning Experience.

"The text is suitable for a typical introductory algebra course, and was developed to be used flexibly. While the breadth of topics may go beyond what an instructor would cover, the modular approach and the richness of content ensures that the book meets the needs of a variety of programs."--Page 1.
