

All Colour But The Black The Art Of Bleach

Tad McGreevy has a power that he has never revealed, not even to his life-long best friend, Stevie Scranton. When Tad looks at others, he sees colors. These auras tell Tad whether a person is good or evil. At night, Tad dreams about the evil-doers, reliving their crimes in horrifyingly vivid detail. But Tad doesn't know if the evil acts he witnesses in his nightmares are happening now, are already over, or are going to occur in the future. He has no control over the horrifying visions. He has been told (by his parents) never to speak of his power. All Tad knows is that he wants to protect those he loves. And he wants the bad dreams to stop.

#1 NEW YORK TIMES BESTSELLER • From the National Book Award–winning author of Stamped from the Beginning comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews
Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist*
“Ibram X. Kendi’s new book, *How to Be an Antiracist*, couldn’t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author’s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘the basic struggle we’re all in, the struggle to be fully human and to see that others are fully human.’ ”—NPR
“Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. *How to Be an Antiracist* punctures the myths of a post-racial America, examining what racism really is—and what we should do about it.”—Time

In a story where the text appears in white letters on a black background, as well as in braille, and the illustrations are also raised on a black surface, Thomas describes how he recognizes different colors using various senses.

With a new Introduction to this touching homage to his mother, the author paints a portrait of growing up in a black neighborhood as the child of an interracial marriage. Although raised an Orthodox Jew in the South, McBride's mother abandoned her heritage, moved to Harlem, and married a black man.

A white writer recounts his experiences in the American South following treatments that darkened his skin and shares his thoughts on the problems of prejudice and racial injustice.

When two attendees go missing from a folk music festival at a remote Gothic mansion, Inspector Felse arrives to solve the mystery—and protect his son. Singers and musicians are gathered for a weekend course in folk music at the impressive neo-Gothic country mansion Follymead. Most come only to sing or to listen, but one or two have nonmusical scores to settle. When brilliantly talented Liri Palmer sings “Black, black, black is the colour of my true-love’s heart,” she clearly has a message for someone in the audience. And as passions run high, there is murder brewing at Follymead. Among the music students are Dominic Felse and his girlfriend, Theodosia. When not one, but two, members of the group go missing from the hall, Dominic calls upon his father, Detective Inspector George Felse, to help him solve this most perplexing mystery. *Black Is the Colour of My True Love’s Heart* is the 6th book in the Felse Investigations, but you may enjoy reading the series in any order.

"The Red and the Black" is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author s talent as the surprising twists that occur in the arduous love life.

Called “powerful and provocative” by Dr. Ibram X. Kendi, author of the New York Times bestselling *How to be an Antiracist*, this explosive book of history and cultural criticism reveals how white feminism has been used as a weapon of white supremacy and patriarchy deployed against Black and Indigenous women, and women of color. Taking us from the slave era, when white women fought in court to keep “ownership” of their slaves, through the centuries of colonialism, when they offered a soft face for brutal tactics, to the modern workplace, *White Tears/Brown Scars* tells a charged story of white women’s active participation in campaigns of oppression. It offers a long overdue validation of the experiences of women of color. Discussing subjects as varied as *The Hunger Games*, Alexandria Ocasio-Cortez, the viral BBO Becky video, and 19th century lynchings of Mexicans in the American Southwest, Ruby Hamad undertakes a new investigation of gender and race. She shows how the division between innocent white women and racialized, sexualized women of color was created, and why this division is crucial to confront. Along the way, there are revelatory responses to questions like: Why are white men not troubled by sexual assault on women? (See Christine Blasey Ford.) With rigor and precision, Hamad builds a powerful argument about the legacy of white superiority that we are socialized within, a reality that we must apprehend in order to fight. “A stunning and thorough look at White womanhood that should be required reading for anyone who claims to be an intersectional feminist. Hamad’s controlled urgency makes the book an illuminating and poignant read. Hamad is a purveyor of such bold thinking, the only question is, are we ready to listen?” —Rosa Boshier, *The Washington Post*

Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called “Chocolat” soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in No Man's Land. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David Diop's *At Night All Blood is Black* is a dazzling tale of a man's descent into madness.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

"A god will return when the earth and sky converge under the black sun in the holy city of Tova... The winter solstice is usually a time for celebration and renewal, but this year it coincides with a solar eclipse, a rare celestial event proscribed by the Sun Priest as an unbalancing of the world. Meanwhile, a ship launches from a distant city bound for Tova and set to arrive on the solstice. The captain of the ship, Xiala, is a disgraced Teek whose song can calm the waters around her as easily as it can warp a man's mind. Her ship carries one passenger. Described as harmless, the passenger, Serapio, is a young man, blind, scarred, and cloaked in destiny. As Xiala well knows, when a man is described as harmless, he usually ends up being a villain. Crafted with unforgettable characters, Rebecca Roanhorse has created an epic adventure exploring the decadence of power amidst the weight of history and the struggle of individuals swimming against the confines of society and their broken pasts in the most original series debut of the decade"--

City Council President Joseph Coolman was pissed. His eyes were filled with vinegar, bile, rage you name it! I mean hotter than Marge Tartaglione on a bad day... "I promise you on the grave of my father that I will destroy that son of bitch!" scowled Joe Coolman as he sipped his Hennessy. He was sitting in the dark of his City Council President Office firmly affixed in his big leather chair. He slowly rocked back and forth. He was like a cobra. Ready to pounce. Maybe like a panther. But not moving too quickly. This one would take a little time. "Big Blarney my ass," he spoke to himself. And a patient man he was.... NOT A HAPPY BREAKFAST Democratic Party Unity Breakfast, Philadelphia, Pennsylvania. Bellevue Stratford Hotel. No matter how bad the political war or election, primary or general, the eggs get scrambled together into an omelet. They meet the day after the election to make peace. To unify. To continue to solidify the dominant political party again no matter what. Philly is a Democrat town. No ifs, ands, or cannolis about it. With a 7 to 1 voter registration advantage in the fifth largest city in the country (No, Philly didn't drop to lower than 6th or 7th nationally except maybe in the National League East). In terms of voter advantage, not even Frank Rizzo could switch over that Democrat number to Republican. Not even half would do it for the Bambino these days. With a voter lead like that, Johnny Bouchee and The Democratic Party of Philadelphia County / City of Philadelphia had "fuck you votes." He didn't need shit from anybody to win a general election by 4 or 5 to one in November even if the roof fell in or Rizzo appeared in the clouds over Boathouse Row. But this past primary created a lot of bad blood. A lot. The cuts went deep, and the screwing was of blarney and booze. The good of it, for Johnny Bouchee, was The Irish retook the City politically. It had been a while. But Johnny and Bobby Eamon were sitting pretty these days. They were smirking a great deal as the sun glimmered in those Irish Eyes. But like I said, this one cut deep. There was gonna be a price to pay. This Democrat's Unity Breakfast needed a lot of salve and bandages to heal. Salve? They needed more than that! They needed morphine and transplant organs to heal this trauma. The road to recovery went through the heart of North Philadelphia. The reason for it was simple. The African American Political Hierarchy took more than a haircut as James Francis Malloy became the Democratic Nominee for Mayor of Philadelphia. In truth, they got scalped. And the blood was all over Johnny Bouchee's and Bobby Eamon's hands. It happened like this every primary election. It was lick the wounds day and make peace and give respect to the vanquished over cold eggs and scrapple. In fact, Johnny Bouchee had been doing this breakfast for decades... but not today. Today, the rift was a little too big to manage over a breakfast, and Johnny knew it. It was bloody and ugly. A bad cut above the eye. The Philly Democrats looked like Rocky Balboa's face.

People call him "the bitter neighbor from hell." But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. A feel-good story in the spirit of The Unlikely Pilgrimage of Harold Fry and Major Pettigrew's Last Stand, Fredrik Backman's novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. Eleven-year-old Isabella's blended family is more divided than ever in this “timely but genuine” (Publishers Weekly) story about divorce and racial identity from the award-winning and New York Times bestselling author of *Out of My Mind*, Sharon M. Draper. Eleven-year-old Isabella's parents are divorced, so she has to switch lives every week: One week she's Isabella with her dad, his girlfriend Anastasia, and her son Darren living in a fancy house where they are one of the only black families in the neighborhood. The next week she's Izzy with her mom and her boyfriend John-Mark in a small, not-so-fancy house that she loves. Because of this, Isabella has always felt pulled between two worlds. And now that her parents are divorced, it seems their fights are even worse, and they're always about HER. Isabella feels completely stuck in the middle, split and divided between them more than ever. And she is beginning to realize that being split between Mom and Dad involves more than switching houses, switching nicknames, switching backpacks: it's also about switching identities. Her dad is black, her mom is white, and strangers are always commenting: “You’re so exotic!” “You look so unusual.” “But what are you really?” She knows what they’re really saying: “You don’t look like your parents.” “You’re different.” “What race are you really?” And when her parents, who both get engaged at the same time, get in their biggest fight ever, Isabella doesn't just feel divided, she feels ripped in two. What does it mean to be half white or half black? To belong to half mom and half dad? And if you're only seen as half of this and half of that, how can you ever feel whole? It seems like nothing can bring Isabella's family together again—until the worst thing happens. Isabella and Darren are stopped by the police. A cell phone is mistaken for a gun. And shots are fired.

A lot of people have made up their minds about Rachel Doležal. But none of them know her real story. In June 2015, the media "outed" Rachel Doležal as a white woman who had knowingly been "passing" as Black. When asked if she were African American during an interview about the hate crimes directed at her and her family, she hesitated before ending the interview and walking away. Some interpreted her reluctance to respond and hasty departure as dishonesty, while others assumed she lacked a reasonable explanation for the almost unprecedented way she identified herself. What determines your race? Is it your DNA? The community in which you were raised? The way others see you or the way you see yourself? With *In Full Color*, Rachel Doležal describes the path that led her from being a child of white evangelical parents to an NAACP chapter president and respected educator and activist who identifies as Black. Along the way, she recounts the deep emotional bond she formed with her four adopted Black siblings, the sense of belonging she felt while living in Black communities in Jackson, Mississippi, and Washington, DC, and the experiences that have shaped her along the way. Her story is nuanced and complex, and in the process of telling it, she forces us to consider race in an entirely new light—not as a biological imperative, but as a function of the experiences we have, the culture we embrace, and, ultimately, the identity we choose.

Racial and ethnic disparities in health care are known to reflect access to care and other issues that arise from differing socioeconomic conditions. There is, however, increasing evidence that even after such differences are accounted for, race and ethnicity remain significant predictors of the quality of health care received. In Unequal Treatment, a panel of experts documents this evidence and explores how persons of color experience the health care environment. The book examines how disparities in treatment may arise in health care systems and looks at aspects of the clinical encounter that may contribute to such disparities. Patients' and providers' attitudes, expectations, and behavior are analyzed. How to intervene? Unequal Treatment offers recommendations for improvements in medical care financing, allocation of care, availability of language translation, community-based care, and other arenas. The committee highlights the potential of cross-cultural education to improve provider-patient communication and offers a detailed look at how to integrate cross-cultural learning within the health professions. The book concludes with recommendations for data collection and research initiatives. Unequal Treatment will be vitally important to health care policymakers, administrators, providers, educators, and students as well as advocates for people of color.

Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's The Color of Law offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, "virtually indispensable" study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), The Color of Law forces us to face the obligation to remedy our unconstitutional past.

In 1863 black communities owned less than 1 percent of total U.S. wealth. Today that number has barely budged. Mehrsa Baradaran pursues this wealth gap by focusing on black banks. She challenges the myth that black banking is the solution to the racial wealth gap and argues that black communities can never accumulate wealth in a segregated economy.
