8 1/2 x 11, Color on cover only, 300 b/w photos The number one engine modification that sport compact enthusiasts want is the addition of some form of forced induction. Sport Compact Turbos & Blowers is an enthusiast's guide to understanding, installing, and using turbochargers and superchargers on sport compact cars. Included is information on blower basics, how blowers work, roots blowers, screw-type superchargers, centrifugal superchargers, an analysis of turbocharging vs. supercharging, turbo systems for sport compacts, building a blown/turbo'd sport compact engine, and blower/turbo accessories. All the information readers need to make their sport compact car the hottest on the street is found right here.

Drawing on a wealth of knowledge and experience and a background of more than 1,000 magazine articles on the subject, engine control expert Jeff Hartman explains everything from the basics of engine management to the building of complicated project cars. Hartman has substantially updated the material from his 1993 MBI book Fuel Injection (0-879387-43-2) to address the incredible developments in automotive fuel injection technology from the past decade, including the multitude of import cars that are the subject of so much hot rodding today. Hartman's text is extremely detailed and logically

arranged to help readers better understand this complex topic. Lists manufacturers' suggested retail and dealer invoice prices for all models, foreign and domestic, along with information on standard and optional equipment, specifications and reviews, and buying and leasing advice. Original.

Covers all U.S. and Canadian models of Volkswagen Passat and Audi A4; 1.8L four-cylinder turbo and 2.8L V6 engines.
