Megan Whitaker desperately wants to forget what the Malone brothers have done to her over the past two years – the haunting images and sensations still plaguing her thoughts and dreams – but she can't. Charles may be dead, but Zander isn't. I'll bring you back to me. She wants to believe she's safe with Nick in their secluded new home, but it doesn't keep her from looking over her shoulder, jumping over unexpected sounds, carrying a concealed weapon or even preparing for the worst. Because she fears the time is near. Nick Ellis has seen a change in his long, lost love. Battered emotionally and physically, Megan spends her days at self-defense classes and researching things that'll never allow her to let go of the past. And he feels guilty even wanting her to, because he knows that heathen will return, it's only a matter of time. And when he does, Nick knows he will do everything possible to save her, even if it means taking another shot to the heart. But for Megan, there is no escaping the world of sex trafficking, nor the band of men who continually aid one another to keep it thriving. And as her nightmarish world encroaches on reality, Megan soon realizes there are far worse evils to fear than the sadistic man who haunts her dreams. New Adult Romantic Suspense / Dark Realistic Fiction Recommended for 17+ for mature and disturbing situations, language and sexual content.

'But You LOOK Just Fine' offers candid counsel and acts as a user-friendly guide of innovative information and compassion to those with mood disorders. Follow the story of one woman, two children, and a cat as they navigate marital separation, unemployment, and housing insecurity. This is a story of faith, hope, and determination for a better life, sought after by a single mother who gave up everything to pursue a legacy for herself and daughters. There is no testimony here, only a deep-seeded belief that time in the valley is only

part of the journey. If you have ever experienced a time in your life when you feel the odds are stacked against you and there is no way out, this is a story that will let you know, you are not alone. At some point in life, we all end up going through it. "I am quite simply a woman of restoration."

"That Girl From the Dummy Line" is a first person account of growing up in severe poverty in the delta farm region of northeastern Arkansas in 50s and 60s in a tar-papered shack built on a dirt road known as the dummy line. The dummy line girl was the third of ten children born to an illiterate farmer and his wife, who didn't understand their daughter's love of education or her desire to go to college as she excelled in school. Indeed, they actively attempted to prevent her from leaving home to seek a college degree. The dummy line girl spent much of her childhood working in the cotton fields. Farm work and other chores took a toll on the dummy line girl's ability to stay on track with her studies and goals. Further complicating her life was a dysfunctional relationship with her parents and an abusive older sister. The local public school system became her refuge and provided her with the hope she needed in order to plan a better future for herself. This is a story about a girl who refused to accept the path given her by accident of birth - a girl who wanted more and believed she deserved more and was willing to work for it.

Ella is a naughty, fun-loving little girl - a little misunderstood by all, apart from her best friend. "My friend Ella," about loving and accepting ourselves for who we really are, is Angela Garry's first storybook for small children.

In Matthew Costello's widely acclaimed post-apocalyptic

thriller, Vacation, NYPD cop Jack Murphy leaves the city with his wife, Christie, and kids, Kate and Simon. Retreating to the supposed safety of a bucolic camp for families, Jack discovers that the plague of cannibalism that has claimed so many cities, is here as well. And only his self-sacrifice will enable his wife, his kids...to get out. In Home Christie tries to return to the gated security of their home. At least in that world, there were security guards with AR-15s, and electric fences. But when Christie returns, she discovers that -- for them -- home has vanished, replaced by what is left of the civilized world quickly collapsing around them. Worse, another change has taken hold with humanity – and that very word...humanity did not apply any more. Now in the last volume in the series, Family, a wounded Christie, Kate and Simon...more like equals than a mother and kids...must flee that world to find if there is any place that can be safe for them, any place that they can be a family. Any place ...where they can survive. And as in the first book, sometimes only the most terrible sacrifice will allow your family...to live. Henry Wolff regularly climbs out of his upstairs bedroom window. The neighbors think it strange that a grown man enjoys a Tarzan like swing from the roof, but then again, they all think Henry is a little strange. Recently widowed, Henry is an emotionally challenged father being sued by his daughter for financial control of the estate. Henry must prove he is normal - not an easy thing to do when you are not. Henry is different, not quite normal, not quite special. Rumors explaining his behavior run from PTSD in Vietnam to losing his son to AIDS. But Henry has a special gift. In a town divided by the have and have-nots, Henry alone can inspire and touch even the most jaded lost soul. But when tragedy strikes, can he unite his own family? "A dynamic book set in small town Pennsylvania which explores the intangible ties that form a family, a community and the influence that one man can make crossing social and economic lines. Readers will fall in love with Henry."
