"I believe we can change the world. But first, we've got to stop living in fear of being judged for who we are." Rachel Hollis has seen it too often: women not living into their full potential. They feel a tugging on their hearts for something more, but they're afraid of embarrassment, of falling short of perfection, of not being enough. In *Girl, Stop Apologizing*, #1 New York Times bestselling author and founder of a multimillion-dollar media company, Rachel Hollis sounds a wake-up call. She knows that many women have been taught to define themselves in light of other people—whether as wife, mother, daughter, or employee—instead of learning how to own who they are and what they want. With a challenge to women everywhere to stop talking themselves out of their dreams, Hollis identifies the excuses to let go of, the behaviors to adopt, and the skills to acquire on the path to growth, confidence, and believing in yourself.

In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, Malala escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement – first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys – girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person – often a young person – with hopes and dreams. "A stirring and timely book."

'I realised that I had to do something in my life so that people would stop looking at me with pity' National level volleyball player Arunima Sinha had a promising future ahead of her. Then one day she was shoved from a moving train by thieves as she attempted to fight them off. The horrific accident cost the twenty-four-year-old her left leg and sporting career, but it never deterred her. In March 1807, the British Parliament passed an Act making the trading and transportation of slaves illegal. It was many years before slavery, as it was known then, was abolished, and slavery still continues today in different ways, but it was a big step forward towards the emancipation of a people. Malorie Blackman has drawn together some of the finest of today's writers and poets to contribute to this important anthology. Their

short stories and poems sit alongside first-hand accounts of slavery from freed slaves, making a fascinating and absorbing collection that remembers and commemorates one of the most brutal and long-lasting inflictions of misery that human beings have inflicted upon other human beings.

This National Book Award nominee from two-time finalist Patricia McCormick is the unforgettable story of Arn Chorn-Pond, who defied the odds to survive the Cambodian genocide of 1975-1979 and the labor camps of the Khmer Rouge. Based on the true story of Cambodian advocate Arn Chorn-Pond, and authentically told from his point of view as a young boy, this is an aching raw and powerful historical novel about a child of war who becomes a man of peace. It includes an author's note and acknowledgments from Arn Chorn-Pond himself. When soldiers arrive in his hometown, Arn is just a normal little boy. But after the soldiers march the entire population into the countryside, his life is changed forever. Arn is separated from his family and assigned to a labor camp: working in the rice paddies under a blazing sun, he sees the other children dying before his eyes. One day, the soldiers ask if any of the kids can play an instrument. Arn's never played a note in his life, but he volunteers. This decision will save his life, but it will pull him into the very center of what we know today as the Killing Fields. And just as the country is about to be liberated, Arn is handed a gun and forced to become a soldier. Supports the Common Core State Standards.

The physical, emotional, and social milestones of every girl's life: what we've lost and gained in the 21st century. Caitlin Flanagan's essays about marriage, sex, and families have sparked national debates. Now she turns her attention to girls: the biological and cultural milestones for girls today, and how they shape a girl's sense of herself. The transition from girl to woman is an experience that has changed radically over the generations: everything from how a girl learns about her period to how she expects to be treated by boys and men. Girls today observe these passages very differently, and yet the landmarks themselves have remained remarkably constant-proof, Flanagan believes, of their significance. In a world where protections of girls' privacy and personal freedom seem to disappear every day, the ultimate challenge modern parents face is finding a way to

defend both.

BORN A CRIME IS SOON TO BE A MAJOR MOTION PICTURE STARRING OSCAR WINNER LUPITA NYONG'O Trevor Noah, the funny guy who hosts The Daily Show on Comedy Central, shares his remarkable story of growing up in South Africa with a black South African mother and a white European father at a time when it was against the law for a mixed-race child to exist. But he did exist--and from the beginning, the often-misbehaved Trevor used his keen smarts and humor to navigate a harsh life under a racist government. This fascinating memoir blends drama, comedy, and tragedy to depict the day-to-day trials that turned a boy into a young man.
