The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslim jurists to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifah (d.150AH/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. Around 70 huge commentaries, some spread over more than a dozen volumes, have been written on it. The number of explanatory glosses is in the thousands. Comprehensive in content and conveniently organized, with the publication of this book all

previous works that discussed Islamic jurisprudence according to Hanafi law became outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of The Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written.

And you know, it's working. Until the day Quinn announces he's now single. That's right. He's single. And he wants to hang out. With her. Get reconnected the way they used to be. Oh, this is so not good for Amy's equilibrium. Daily doses of Quinn remind her of everything she loves about him. But if he's free...and she's free...well, maybe

the time has come for one of those crazy confessions. Originally published in 2010 This is not your average "Welcome to Islam!" book. The New Muslim's Field Guide offers a fresh approach to guiding Muslim converts, focused on helping them grow as Muslims while maintaining their identity and love for God. Drawing on their shared decades of experience, Theresa and Kaighla walk the new Muslim through the hills and the valleys they'll encounter on their journey, helping the newcomer navigate the sometimes slippery cliffs of culture, politics, and interpersonal relationships. Injected with a healthy dose of humor and candor, The New Muslim's Field Guide discusses some of the deeper meanings behind belief and ritual, clarifies common sticky issues, and tells stories of triumph and failure on the journey of Islam.

Primarily celebrated as a poet, 'Abd al-Rahman Jami was also an accomplished Islamic scholar and Arabist, a Sufi of great standing, and an acerbic polemicist and social critic. In this volume, Hamid Algar presents a masterfully concise study of Jami, a culminating figure in Perso-Islamic culture, whose reputation and influence have remained undiminished throughout the eastern Islamic world-the Ottoman empire and Central Asia, Iran, India, China, and the Malay world. "Islam has been one of the most powerful religious, social, and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France, to East Africa to South East Asia. Yet many of the contributions of Muslim thinkers, scientists, and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of

This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics.

In 1951, on my return from an extensive tour of the Middle East, I was invited by the All India Radio to broadcast a series of talks in Arabic on Indian Muslims. These talks, luckily, were received favorably by some of the Indian missions lodged in that part of the world, and they suggested their publication in the form of a booklet. The All India Radio also broadcast them subsequently in some other languages and an international Arabic Journal, Muslims, of Damascus

was good enough to bring them out in its columns in a number of installments. In the present compilation five new essays have, in all, been included which were not broadcast over the radio. These are: -Influence of Muslims on Indian Civilization -Role of Muslims in the Struggle for Freedom -Indo-Islamic Culture -Sufi-Saints of India and their Impact on Society -Current Difficulties and Problems It is hoped that the book, with these additions, will be read with interest among the educated circles of the various communities that go to make our people and prove of some value in reducing the ignorance and the attitude of indifference which exist in the sister-communities towards the Muslims. It may, further, be helpful in promoting the growth of a broad, realistic, national perspective in the country it so badly needs today. It will also, perhaps, not be too much to expect that, apart from non-Muslim friends, many educated Muslims, too, will find in these pages something which will be new to them and will add to their knowledge about themselves and go some way, however little, towards ridding them of the inferiority complex they have developed lately, but for which there can be no justification. The Muslim are not only citizens of an equal status with anybody in India; they are also among its chief builders and architects, and hold position second to none among the peoples of the world for selfless service to the motherland. They gave to India and to the Indian civilization a new life and a new dimension and

awakened its people to a new set of moral and spiritual values. Every patch of its land and every particle of its soil bears the imprint of their greatness and is a monument to their industry, earnestness and creative genius. In every aspect of Indian life and civilizations can be seen evidences of their noble aestheticism and cultural richness.

Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. In the Footsteps of the Prophet is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet's life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet's example for some of today's most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war,

racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet's life remain -- or become again -- an example, a model, and an inspiration? And how can Muslims move from formalism -- a fixation on ritual -- toward a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers Muslims a new understanding of Muhammad's life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam. The life of the Prophet Muhammad, to whom the Angel Gabriel revealed the verses of the Quran, has provided inspiration to Muslims for hundreds of years. In 'The Messenger', leading Muslim scholar Tariq Ramadan considers the ways in which the Prophet's actions, words and teachings can guide us in the modern world. The Nasiri Du'a This supplication has been tried, tested and proven to relieve distress and to avert difficult situations, especially when they are societal and concern the affairs of all the Muslims. The people of Fez call it "The Sword of Ibn Nasir." They used to teach it to the pupils in the Qur'anic kuttabs and they used it to seek refuge with Allah, using various tunes, in the time of the French oppression and occupation of Morocco. That is the custom of the Muslims: to seek refuge with Allah Almighty in times of hardship. Your Lord says, "Call on Me and I will answer you." (40:60) Shaykh Ibn Nasir Shaykh Muhammad - Fatha - ibn Muhammad ibn Ahmad ibn Muhammad ibn al-Husayn ibn Nasir ibn 'Amr ad-Dar'i al-Aghlabi (d. 1085 AH). He is buried in his zawiya in Tamagurt. He was involved in many areas of knowledge such as fiqh, Arabic, kalam, tafsir and tasawwuf. He was a man of worship and of great devotion, scrupulous, and a zahid, a man who established the tariqa and drank from the source of the Reality.

This in-depth ethnography looks at the everyday lives of Muslim students in a girls' madrasa in India. Highlighting the ambiguities between the students' espousal of madrasa norms and everyday practice, Borker illustrates how young Muslim girls tactically invoke the virtues of safety, modesty, and piety learnt in the madrasa to reconfigure normative social expectations around marriage, education, and employment. Amongst the few ethnographies on girls' madrasas in India, this volume focuses on unfolding of young women's lives as they journey from their home to madrasa and beyond, and thereby problematizes the idealized and coherent notions of piety presented by anthropological literature on female participation in Islamic piety projects. The author uses ethnographic portraits to introduce us to an array of students, many of whom find their aspirational horizon expanded as a result of the madrasa experience. Such stories challenge the dominant media's representations of madrasas as outmoded religious institutions. Further, the author illustrates how the processes of learning-unlearning and alternate visions of the future emerge as an unanticipated consequence of young women's engagement
