Salonika, Greece: December 1939. In the dead of night, a clandestine order of monks embarks on a desperate mission: to transport a mysterious vault to a hiding place high in the Italian Alps. The sinister cache, concealed for centuries, could rip apart the Christian world. Now, as the Nazi threat marches inexorably closer, men both good and evil will be drawn into a violent and deadly hunt, sparking a relentless struggle that could forever change the world as we know it. Praise for Robert Ludlum and *The Gemini Contenders* "[Robert Ludlum's] most ambitious novel . . . Its twist and turns carry the reader on a fast bobsled run. . . . A marvelously unflagging imagination."—*The New York Times* "A winner . . . one of those books you intend to put down after just one more chapter . . . suddenly it's two in the morning and you've read the whole thing."—*United Press International* "A skyrocket of a book . . . The action never stops for a second."—*The Plain Dealer* "Packed full of excitement."—*The Denver Post* **BONUS:** This edition includes an excerpt from Robert Ludlum's *The Bourne Identity*.

Did J. Edgar Hoover die a natural death? Or was he murdered? When a group of high-minded and high-placed intellectuals known as Inver Brass detect a monstrous threat to the country in Hoover's unethical use of his scandal-ridden private files, they decide to do away with him—quietly, efficiently, with no hint of impropriety. Then bestselling thriller writer Peter Chancellor stumbles onto information that makes his previous books look like harmless fairy tales. Now Chancellor and Inver Brass are on a deadly collision course, spiraling across the globe in an ever-widening arc of violence and terror. All roads lead to a showdown that will rip the nation's capital apart—leaving only one damning document to survive. Praise for Robert Ludlum and *The Chancellor Manuscript* "[*The Chancellor Manuscript*] exerts a riveting appeal, as it seems to justify our worst nightmares of what really goes on in the so-called intelligence community in Washington."—*The New York Times Book Review* "Ludlum stuffs more surprises into his novels than any other six-pack of thriller writers combined."—*The New York Times* "Powerhouse momentum . . . as shrill as the siren on the prowler car."—*Kirkus Reviews* "A complex scenario of inventive double-crossing."—*Chicago Sun-Times*

Once, Jason Bourne was notorious in the clandestine world of covert-ops as one of the CIA's most expert international killers for hire. Out of the ashes of his violent past he's emerged today as a Georgetown professor, living a quiet life, retired from danger—until he narrowly escapes the bullet of a faceless assassin. And when two of Bourne's closest associates are murdered, Bourne knows that his legacy has followed him—and set him up as prime suspect for the brutal crimes. The quicksand of lies and betrayals is deeper than Bourne ever imagined. Hunted by the CIA as a dangerous rogue agent, he has only one option to stay alive—and one last chance to stay one step ahead of an unseen assailant whose vengeance is personal. Pursued across the globe, Bourne's on the run, and on the edge of discovering the truth—that he's become the expendable pawn in an international terrorist plot. One that's taking every living witness with it and plunging Bourne one step closer to the world-shattering consequences of...

A Jason Bourne novel from the #1 *New York Times* bestselling author Facing down mercenaries in Africa, Jason Bourne witnesses the death of an art dealer named Tracy Atherton. Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring—an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption. Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As Bourne's destiny circles closer to

*Russian meddling, American fragmentation, and global politics collide in this action-packed, international thriller. In The Nemesis Manifesto, New York Times bestselling author Eric Van Lustbader, "the master of the smart thriller,"\* delivers an epic and harrowing adventure of the predatory forces that are threatening the very fabric of democracy and kicks off a compelling new series with a singular new hero for our time. Evan Ryder is a lone wolf, a field agent for a black-ops arm of the DOD, who has survived unspeakable tragedy and dedicated her life to protecting her country. When her fellow agents begin to be systematically eliminated, Evan must unravel the thread that ties them all together...and before her name comes up on the kill list. The list belongs to a mysterious cabal known only as Nemesis, a hostile entity hell-bent on tearing the United States apart. As Evan tracks them from Washington D.C. to the Caucasus Mountains, from Austria to a fortress in Germany where her own demons reside, she unearths a network of conspirators far more complex than anyone could have imagined. Can Evan uproot them before Nemesis forces bring democracy to its knees? \*Nelson DeMille At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.*

*Jason Bourne returns to Georgetown University and the mild world of his alter ego, David Webb, hoping for normalcy. But after so many adrenaline-soaked years of risking his life, Bourne finds himself chafing under the quiet life of a linguistics professor. Aware of his frustrations, his academic mentor, Professor Specter, asks for help investigating the murder of a former student by a previously unknown Muslim extremist sect. The young man died carrying information about the group's terrorist activities, including an immediate plan to attack the United States. The organization, the Black Legion, and its lethal plot have also popped up on the radar of Central Intelligence, where new director Veronica Hart is struggling to assert her authority. Sensing an opportunity to take control of CI by showing Hart's incompetence, National Security Agency operatives plan to accomplish what CI never could-hunt down and kill Bourne. In Europe, Bourne's investigation into the Black Legion turns into one of the deadliest and most tangled operations of his double life-the pursuit of the leader of a murderous terrorist group with roots in the darkest days of World War II-all while an assassin as brilliant and damaged as himself is getting closer by the minute . . .*

*Two Russian spies and a violent hurricane hinder Dirk Pitt's herculean efforts to raise the R.M.S. Titanic and thereby salvage the world's only supply of a rare metal, needed for a secret American defense system. Reissue.*

*Super-diplomat Raymond Havilland sets up the kidnapping of Jason Bourne's wife, in order to draw Bourne out of retirement and into a Taiwanese plot to seize Hong Kong and incite China against the West.*

*After Bourne is ambushed and nearly killed while in Indonesia, he fakes his death to take on a new identity and mission- to find out who is trying to assassinate him. In the process, Bourne begins to question who he really is and what he would become if he no longer carried the Bourne identity. Across the globe, an American passenger airliner is shot down over Egypt-apparently by an Iranian missile-leaving the world wondering if it was an accident or an act of aggression. A massive global team lead by Soraya Moore is assembled to investigate the attack before the situation escalates. When Bourne's search for his would-be assassin intersects with Soraya's search for the group behind the airplane bombing, Bourne is thrust into a race to prevent a new world war. But it may already be too late.*

*Jason Bourne is one of the most popular and compelling characters in modern fiction. Originally created by bestselling author Robert Ludlum, now New York Times bestselling writer Eric Van Lustbader carries on Ludlum's legacy with a new novel about the rogue secret agent who has lost his memory . . . Jason Bourne has been pursued by powerful governments--and escaped. Hunted by the most skilled assassins in the world--and outsmarted them. Targeted by terrorists--and defeated their plans for global chaos. But now, Bourne wants only one thing: retribution. THE BOURNE RETRIBUTION Bourne's friend Eli Yadin, head of Mossad, learns that Ouyang Jidan, a senior member of China's Politburo, and a major Mexican drug lord may have been trafficking in something far more deadly than drugs. Yadin needs Bourne to investigate. Bourne agrees, but only because he has a personal agenda: Ouyang Jidan is the man who ordered Rebeka--one of the only people Bourne has ever truly cared about--murdered. Bourne is determined to avenge her death, but in the process he becomes enmeshed in a monstrous world-wide scheme involving the Chinese, Mexicans, and Russians. Bourne's increasingly desperate search for Ouyang takes him from Tel Aviv to Shanghai, Mexico City, and, ultimately, a village on China's coast where a clever trap has been laid for him. Bourne finds himself pursued on all sides and unsure whom he can trust. As he moves closer to Ouyang, closer to avenging the woman he loved, he also moves ever closer to his own death . . .*

*Jason Bourne returns. He's fought against the NSA, black off-site cyber operations, a Somali terrorist organisation and been accused of treason against the US. Now the Russians have planted a mole to uncover Bourne's secrets and launch cyber-warfare against the United States.*

A NEW JASON BOURNE NOVEL! On the eve of Russian general Boris Karpov's wedding, Jason Bourne receives an enigmatic message from his old friend and fellow spymaster. In Moscow, what should be a joyous occasion turns bloody and lethal. Now Bourne is the only one who can decipher Karpov's cryptogram. He discovers that Karpov has betrayed his sovereign to warn Bourne of a crippling disaster about to be visited on the world. Bourne has only four days to discover the nature of the disaster and stop it. The trail Karpov has been following leads Bourne to Cairo and the doorstep of Ivan Borz, the elusive international arms dealer infamous for hiding behind a never-ending series of false identities, a man Bourne has been hunting ever since he abducted former Treadstone director Soraya Moore and her two-year-old daughter and brutally murdered Soraya's husband. Bourne must travel to war-torn Syria and then Cyprus as he chases the astonishing truth. The clock is ticking, and Bourne has less than four days to solve Karpov's riddle--and hunt down Borz--if he hopes to prevent a cataclysmic international war . . .

When a weapon that could destroy the moral fabric of humanity is unleashed inside the Syrian border, one man takes a stand against the overwhelming wave of tyranny triggered by martial law, hell-bent on restoring America's liberty and saving civilization as we know it.

David Webb must once again assume the identity of assassin Jason Bourne as he matches wits with his mortal enemy, Carlos, a deadly and elusive terrorist known as "the Jackal," in a final confrontation. In an intense, emotional mystery that spans a decade in the life of a small town, bestselling author Brian Freeman brings us an unforgettable heroine who discovers that the dead may sometimes be easier to rescue than the living. Deputy Shelby Lake was abandoned as a baby, saved by a stranger who found her in the freezing cold. Now, years later, a young boy is missing--and Shelby is the one who must rescue a child. The only evidence of what happened to ten-year-old Jeremiah Sloan is a bicycle left behind on a lonely road. After a desperate search fails to locate him, the close bonds of Shelby's hometown begin to fray under the weight of accusations and suspicion. Everyone around her is keeping secrets. Her adoptive father, her best friend, her best friend's young daughter--they all have something to hide. Even Shelby is concealing a mistake that could jeopardize her career and her future. Unearthing the lies of the people in Jeremiah's life doesn't get the police and the FBI any closer to finding him. As time passes and the case grows cold, Shelby worries that the mystery will stay buried forever under the deep, deep snow. But even the deepest snow melts in the spring. When a tantalizing clue finally comes to light, Shelby must confront the darkest lie of all. Exposing the truth about Jeremiah will leave no one's life untouched--including her own.

Jason Bourne is one of the most popular and compelling characters in contemporary fiction. Originally created by bestselling author Robert Ludlum, the Jason Bourne series was later adapted into films that have become modern classics. Now, New York Times bestselling writer Eric Van Lustbader carries on Jason Bourne's story with a new novel about the rogue secret agent who has lost his memory . . . *THE BOURNE ASCENDANCY* In this thrilling and absorbing new novel Jason Bourne is faced with an impossible mission. He has been hired to impersonate a high-level government minister at a political summit meeting in Qatar, shielding the minister from any assassination attempts. Suddenly, armed gunmen storm the room, killing everyone but Bourne. Their target, however, isn't the minister Bourne impersonates....it is Bourne himself. Kidnapped and transported to an underground bunker, Bourne finds himself face-to-face with an infamous terrorist named El Ghadan ("Tomorrow"). El Ghadan holds as his captive Soraya Moore, former co-director of Treadstone, and a close friend to Bourne, along with her two year old daughter. Meanwhile, the President of the United States is in the midst of brokering a historic peace treaty between the Israelis and the Palestinians-an event that El Ghadan is desperate to prevent. He demands that Bourne carry out a special mission: kill the President. If Bourne refuses, Soraya and her daughter will die. Bourne must make a monstrous choice: save Soraya and her daughter, or save the President.

The man Jason Bourne fishes out of the freezing sea is near death, half-drowned and bleeding profusely from a gunshot wound. He awakens with no memory of who he is or why he was shot-and Bourne is eerily reminded of his own amnesia. Then Bourne discovers that the Mossad agent named Rebeka is so determined to find this injured man that she has gone off the grid, cut her ties to her agency, and is now being stalked by Mossad's most feared killer. Do the answers to these mysteries lie back in southeast Lebanon, in a secret encampment to which Bourne and Rebeka escaped following a firefight weeks ago? The complex trail links to the mission given to Treadstone directors Peter Marks and Soraya Moore: find the semi-mythic terrorist assassin known as Nicodemo. In the course of Bourne's desperate, deadly search for a secret that will alter the future of the entire world, he will experience both triumph and loss, and his life will never be the same. Now everything turns on the amnesiac. Bourne must learn his identity and purpose before both he and Rebeka are killed. From Stockholm to Washington, D.C., from Mexico City to Beijing, the web of lies and betrayals extends into a worldwide conspiracy of monumental proportions.

The first novel in an explosive new series inspired by Robert Ludlum's Bourne universe, *The Treadstone Resurrection* introduces an unforgettable hero and the shadowy world that forged him... Treadstone made Jason Bourne an unstoppable force, but he's not the only one. Operation Treadstone has nearly ruined Adam Hayes. The top-secret CIA Black Ops program trained him to be an all but invincible assassin, but it also cost him his family and any chance at a normal life. Which is why he was determined to get out. Working as a carpenter in rural Washington state, Adam thinks he has left Treadstone in the past, until he receives a mysterious email from a former colleague, and soon after is attacked by an unknown hit team at his job site. Adam must regain the skills that Treadstone taught him--lightning reflexes and a cold conscience--in order to discover who the would-be killers are and why they have come after him now. Are his pursuers enemies from a long-ago mission? Rival intelligence agents? Or, perhaps, forces inside Treadstone? His search will unearth secrets in the highest levels of government and pull him back into the shadowy world he worked so hard to forget.

"Twenty years ago, top agents from the CIA and KGB banded together to bring down the Matarese Circle, an international cabal of power brokers and assassins whose sole objective was to achieve worldwide economic domination. Now the bloody Matarese dynasty is back--and the only man with the power to stop it may have already run out of time. CIA case officer Cameron Pryce is hot on the trail of the new Matarese alliance. His only chance to terminate its ruthless activities is to follow the trail of blood money and stone-cold killers right to the heart of its deadly conspiracy. From the Hamptons to London's Belgrave Square, Matarese assassins have already struck with brutal efficiency, eliminating all who stand in their way. Their chain of violence is impossible to stop--until Pryce gets a rare break. One of the Matarese's victims survives long enough to whisper dying words that will blow the case wide open: the top secret code name for legendary retired CIA agent Brandon Scofield--the only man who has ever infiltrated the Matarese inner circle and lived to tell about it"--

Jason Bourne returns in this stunning new thriller from Eric Van Lustbader, continuing Robert Ludlum's classic series. General Boris Karpov, head of the feared Russian FSB, is dead. But Karpov has reached out from the grave with an unstoppable cyber operation he conceived before his murder, aimed at the heart of the United States--a way to steal the president's nuclear launch codes. Who has taken over the operation? Karpov trusted only one man: Jason Bourne. But can Bourne be working against his own country? The U.S. Government is convinced of his treason, and is doing everything in its power to kill him. Flushed from cover and gravely wounded, Bourne's only hope is to join forces with his bitterest enemy: a powerful Somali terrorist named Keyre, and his protégée, the Angelmaker. If he hopes to survive, Bourne has no choice but unravel the mystery of Karpov's last legacy--a weaponized code that may bring about the unthinkable: a violent end to America.

Fandom and first love collide in in this joyful, feminist contemporary romance from acclaimed author Cori McCarthy—perfect for fans of Rainbow Rowell and Ashley Poston Iris Thorne wants to blaze her own path. That's easier said than done when you're the granddaughter of M. E. Thorne, famous author of the Elementia series, hailed as the feminist response to J. R. R. Tolkien's *Lord of the Rings*. And with a major motion picture adaptation of her grandmother's books in the works, Iris can say goodbye to her dream of making her own way in the music industry. When Iris and her brother get invited to the film set in Ireland, she's pretty sure the trip will be a nightmare. Except Iris can't deny the rugged beauty of the Irish countryside. And brushing shoulders with the hot, young cast isn't awful, especially the infuriatingly charming lead actor, Eamon O'Brien. Iris even finds the impassioned female director inspiring. But when the filming falls into jeopardy, everything Iris thought she knew about Elementia—and herself—is in question. Will making a film for the big screen help Iris to see the big picture?

Jason Bourne. He has no past. And he may have no future. His memory is blank. He only knows that he was flushed out of the Mediterranean Sea, his body riddled with bullets. There are a few clues. A frame of microfilm surgically implanted beneath the flesh of his hip. Evidence that plastic surgery has altered his face. Strange things that he says in his delirium -- maybe code words. Initial: "J.B." And a number on the film negative that leads to a Swiss bank account, a fortune of four million dollars, and, at last, a name: Jason Bourne. But now he is marked for death, caught in a maddening puzzle, racing for survival through the deep layers of his buried past into a bizarre world of murderous conspirators -- led by Carlos, the world's most dangerous assassin. And no one can help Jason Bourne but the woman who once wanted to escape him.

Jason Bourne is searching for an elusive cadre of terrorists planning to destroy America's most strategic natural resources-and needs the help of his longtime friend, General Boris Karpov. Karpov, the newly appointed head of Russia's most feared spy agency, FSB-2, is one of the most determined, honorable, and justice-hungry men that Bourne knows. But Karpov has made a deal with the devil. In order to remain the head of FSB-2, he must hunt down and kill Bourne. Now, these two trusted friends are on a deadly collision course. From the Colombian highlands to Munich, Cadiz, and Damascus, the clock is counting down to a disaster that will cripple America's economic and military future. Only Bourne and Karpov have a chance to avert the catastrophe-but if they destroy each other first, that chance will be gone forever. *THE BOURNE DOMINION* Jason Bourne is one of the most compelling and best loved characters created by internationally bestselling novelist Robert Ludlum. The hero of eight novels, including *The Bourne Identity* and *The Bourne Supremacy*, Bourne has also been featured in three blockbuster movies starring Matt Damon. Now, New York Times bestselling author Eric Van Lustbader presents a new story about the rogue secret agent who has lost his memory.

In Robert Ludlum's ground-breaking career, no other character so captured and held the world's imagination as Jason Bourne. He appeared in three of Robert Ludlum's own #1 bestselling novels - The Bourne Identity, The Bourne Supremacy, and The Bourne Ultimatum - and they remain amongst Ludlum's most-read and most-loved books to this day. Now, for the first time ever, the Estate of Robert Ludlum has acceded to the demands of readers around the world, turning to bestselling author Eric Van Lustbader to bring Jason Bourne back to life in a thrilling new novel. Jason Bourne is known and feared in the deadly world of covert-ops as one of the most highly skilled assassins for hire. Bourne, however, was merely an identity assumed by CIA agent David Webb, a personality implanted by the CIA to facilitate a dangerous operation, but one that threatened to subsume David Webb entirely. Years after the events of The Bourne Identity, Webb is no longer an active CIA agent and is now a professor of Eastern Studies at Georgetown University, living a quiet life, far from the dangers of his previous life. Until one day he finds himself the target of an assassin nearly as skilled as himself and is framed for the brutal murder of his two closest associates and friends. Fighting for his life against unseen assailants, as well as the full resources of the CIA who believe he has gone dangerously rogue, the Bourne identity asserts itself, leaving Jason Bourne in control. Now Bourne must use all his skills to stay alive as he battles against a determined assassin, the combined skills of the world's intelligence networks, and a shadowy figure in the background, skillfully manipulating events and people, in a far deadlier and more dangerous game than any of them realize.

On a remote island in the Canadian Arctic, researchers discover the wreckage of a mysterious World War II-era aircraft, a discovery that forces the Russian Federation into a shocking admission. The unmarked plane is a Soviet strategic bomber that disappeared with its crew more than fifty years ago while carrying two metric tons of weaponized anthrax. Desperate to prevent a political and diplomatic firestorm, the U.S. president dispatches a Covert-One team led by Lieutenant Colonel Jon Smith to the crash site. But others have reached the frigid, windswept island first, including an international arms dealer and his crew of vicious mercenaries. As for the Russians, they are lying: a second, even deadlier secret rests within the hulk of the lost bomber, a secret the Russians are willing to kill to protect. Trapped in a polar wilderness, Smith and his team find themselves fighting a savage war on two front--against an enemy they can see and another hiding within their own ranks. Jason Bourne has gradually come to realise who and what he really is - a strange amalgam of a man named David Webb, and a deadly killer. Now David Webb is living a peaceful life as a university professor in the backwoods of America with his wife and children. But someone is reaching out to take him out of the game for ever. A deadly assassin is on his trail and his former handler has been brutally murdered already. It seems that David Webb must once again turn to Bourne to save his life and family.

Now comes The Sigma Protocol, a new breakneck novel of intrigue, conspiracy, and terrifying deception. American investment banker Ben Hartman arrives in Zurich for a ski holiday, the first time he's been back to Switzerland since his twin brother died there in a tragic accident four years earlier. But his arrival in Zurich triggers something far more sinister than his brother's fate. When Ben chances upon Jimmy Cavanaugh, an old college friend, Cavanaugh promptly pulls out a gun and tries to kill him. In a matter of minutes, several innocent bystanders are dead - as well as Cavanaugh - and Ben has barely managed to survive. Plunged into an unspeakable nightmare, Hartman suddenly finds himself on the run. Department of Justice field agent Anna Navarro is being stalked around the world by a relentless killer, managing to survive the killer's attacks only by a combination of luck, skill and her own quick wits. These attacks are somehow related to her current assignment: investigating the sudden - and seemingly unrelated - deaths of a number of very old men throughout the world. The only thing that connects them is a file in the CIA archives, over a half-century old, marked with the same puzzling code word: SIGMA. But someone or something is always seemingly one step ahead of her, the survivors are rapidly dwindling, and her own life is in ever increasing danger. Brought together by accident, Ben and Anna soon realize that their only hope of survival lies with each other. Together they race to uncover the diabolical secrets long hidden behind the code word, Sigma. Secrets that threaten everything they think they know about themselves, everything they believed true about their friends and families, and everything they were ever taught about history itself. For behind Sigma lies a vast deception that is finally coming to fruition and the fate and future of the world is in their hands.

Already devastated by loss, Bourne is shattered by a report that his last friend in the world, Martin Lindros has gone missing. A CI deputy director, Lindros was in Ethiopia tracking suspicious shipments of yellowcake uranium and atomic bomb weaponry. His last lifeline to humanity, Bourne will not let Lindros go. Despite his hatred for CI, Bourne sets out to rescue his friend and finish the job: dismantling a terrorist network determined to build nuclear armaments by cutting off their source of money. But Bourne doesn't realize that these men, Islamic supremacists, are leaders of an incredibly dangerous, technologically savvy group with ties from Africa, across the Middle East, and into Eastern Europe and Russia. They have predicted Bourne's every move, and are counting on his unwitting help in their plans to destroy America.

American secret agent Drew Latham joins forces with Karin de Vries, a beautiful NATO analyst, to battle neo-Nazis planning world domination. The novel features such high-tech schemes as replacing a captured U.S. agent's memory with a chip programmed with disinformation. By the author of The Scorpio Illusion.
