Buy the Paperback version of this Book and get the Kindle Book version for FREE Do you wish to harness the powers of the universe to change your life? Do you want to start practicing magic? Through this book, Luna Lovegood, takes you through the world of wiccan practices and has tried to provide an unbiased approach, though undoubtedly her own experiences as a practicing wiccan might have influenced certain sections of this book. Just like a practitioner of meditation, yoga, or physical exercise, who changes the inner workings of their mind and body through regular practice, so does a witch align themselves with the natural world around them. Such is the nature of Pagan religions, including Wicca. The world of magic is full of immeasurable potential. There are thousands of spells in existence, for every purpose you could possibly imagine. In this book, you will find spells and other magical workings that can bring positive experiences into your life. Each spell contains clear instructions, but you can personalize the work as you see fit, using your own sensibility. Since time immemorial, hopeful lovers have tried spells and potions of all sorts in order to bring them their one true love. In this book you'll find spells for attracting romantic love into your life, but also workings related to friendship and family relationships, which are equally important sources of love in a balanced life. Witches know that we can attract money from unforeseen places into our lives through the use of focused intention, and you'll find spellwork here for doing just that. But cash is not the only form of abundance. Opportunities for growing future wealth are also important, as are an abundance of friends, pleasurable activities, and healthy options for nourishing our bodies. To that end, you'll find spells for increasing business success, abundance in the garden, and even a spell for landing an important job, in addition to money-specific workings. Although it can be difficult to maintain a healthy and positive state of well-being in our fast-paced world, it's relatively easy to balance your own personal energy through spellwork that promotes motivation and endurance. In this section you'll find a range of approaches to reducing stress and increasing your access to the reservoir of positive energy available to you in your daily life. The energy of your environment is also crucial to your quality of life, so you'll find a few protection spells to enhance your physical and social environments and keep out unwanted energy. There are also some miscellaneous spells focused around tools sourced directly from nature, new ways to request information from the Universe, recipes for creating your own oil blends, and a set of magical workings based on the Moon's cycles. However, nothing in this inspiring, fascinating religion is set in stone. The great thing about Wicca is that you are free to come up with your own belief system. Start this journey with Luna, let her be the guide that will inspire you in the search for your own path. Don't Delay - Scroll up and click the BUY button!

Everything You Need to Know to Create Your Own Wiccan Book of Shadows Wicca is a unique religion in so many ways, not least of which is the absence of a central holy text or scripture to follow. There are guidelines, such as the Threefold Law and the importance of respecting other people's free will, but there are no detailed rules about how to live one's life as there are in other faiths. There's no single "divine source" commanding its followers, nor is there a hierarchy of religious leaders who all adhere to the same doctrine. In short, Wicca doesn't tell you exactly what you must think, believe, or do. Nonetheless, there is an endless wealth of information that is integral to the practice of Wicca and Witchcraft-traditional myths, ritual protocols, incantations, magical lore, spells, correspondences, divination systems, and much more. And while the explosion of books and other resources related to Wicca has certainly made much of this information available, there's still no one book that could ever contain all there is to know. So it falls upon practitioners themselves to discover and collect information as they see fit. This is where the *Book of Shadows* comes in. The *Book of Shadows* is where the real "hands-on" quality of Wicca can really blossom, as practitioners navigate their own paths to learning and growing spiritually. It's both a record of your own personal spiritual journey and an encyclopedia unlike any other. As you build and develop it, it will have everything you need to perform rituals, cast spells, engage in divination, work for healing, use herbs and crystals properly, etc. In fact, a *Book of Shadows* is probably the most key piece of reference material a Wiccan can possess! What's more, the *Book of Shadows* serves as a log of all of your activities, where you can record new spiritual and magical discoveries, noting ideas that resonate with you and magical techniques

that have been particularly helpful. It's also a place to express your artistic side through any creative writing or illustrations that you wish to include in its charmed pages. Most importantly, it is your very own holy text, reflecting your beliefs, inspirations, and anything else you feel is important to reinforce for yourself as you deepen your Wiccan practice. The DIY Approach to Spiritual Discovery Many who are new to Wicca shy away from the process of creating their own personal grimoire (a centuries-old term for what we know in the Wiccan tradition as a Book of Shadows). It can be easy to feel that you don't yet know enough to be taking on such a giant project. But, as you will learn in best-selling author Lisa Chamberlain's Wicca Book of Shadows, the point is simply to begin with what you know, and add to it as you go! Doing so will add a magical dimension to your practice that no spell or ritual ever could. In this guide, you'll learn everything you need to know about creating and keeping your own Book of Shadows, which will grow with you as you progress along your spiritual journey: - The evolution of the Wiccan Book of Shadows-a modern twist on the ancient tradition of magical grimoires - Practical uses for a personal Book of Shadows and typical content found within it - Advice and inspiration for creating your own Book of Shadows, with tips for choosing your materials, organizing your information, and putting your creative touches on every page - How to keep your Book of Shadows hidden away from prying eyes - Options for the 21st-century Witch: electronic and online versions of the Book of Shadows By the end of this guide, you'll be inspired and ready to create a wonderful, magical companion text to accompany you on your Wiccan path! With this accessible guide by one of the most popular Wicca authors today, even beginners can perform Wiccan spells to enhance their lives--and the lives of those they love. From thousands of potential spells, 50 of the most important are distilled into three key categories: love and relationships (such as "Spare Key Spell for Spiritual Connection"); prosperity ("Job Interview Success Spell"); and health and well-being ("Anxiety Calming Spell"). A section on divination and spellwork involves essential oils, moon phases, and homemade ingredients.

This book is essentially a Book of Shadows, a Kitchen Witch s Grimoire. It covers what it means to be a Witch, how a Witch works, what a Witch does and how a Witch celebrates the turning of the seasons. It is packed full of information about all sorts of subjects from a breakdown of rituals and magical tools to reading auras and rites of passage, along with meditations, recipes for oils, incenses and spells and a huge amount of crafts to make for each Sabbat. The information herein does not follow any strict tradition; it is a personal interpretation of witchcraft melding together different experiences. Magic and the Craft are fluid and flexible, it is ever changing and we are ever learning.

EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade -Brittany Nightshade Everything You Need to Know to Start Working With Magical Crystals Today Since the beginning of recorded history, people have revered the beauty and power of crystals and other mineral stones, incorporating them into religious artwork, weaponry, healing techniques and-of course-magic! From the quartz talismans of Egyptian pharaohs to the Aztec ceremonial masks of turquoise, malachite and jade, these natural delights have been prized by cultures all around the

globe. Today's practitioners of the magical arts use crystals for a variety of powerful workings related to health, wealth, love, protection, divination and more. Whether it's in the form of an elixir for imbibing confidence-promoting energies, a small polished stone placed with herbs in a love sachet, or a favorite crystal emitting positive vibrations in your sacred space, crystals and other mineral stones are powerful and highly versatile tools of magic. In *Crystal Magic*, Wiccan author Lisa Chamberlain explores the many magical uses of these natural beauties and the underlying Universal forces that make it all work. But while this guide is written from the perspective of Wiccans and other Witches, you need not consider yourself a Wiccan or a Witch to benefit from the magical power of crystals and stones. As you will see within these pages, the energies of these Earth creations are universal and can be harnessed by anyone, anytime. So whether you're new to magic, new to crystals, or new to both, you'll find this guide to be an invaluable resource for your spiritual practice. Most books about crystal magic fall into one of two categories: encyclopedias and spell books. While there are some wonderfully comprehensive encyclopedia-style books out there that describe the magical properties of hundreds of different crystals and stones, they tend to provide little or no practical information about using them in spellwork. Likewise, there are a few good practical books that focus on crystal-centered spells, but they don't tell you much about the nature and properties of the crystals and stones involved in the work. *Crystal Magic* was created to bridge these two worlds by incorporating both elements: a solid overview of 13 widely-used crystals in Wiccan magic, along with a comprehensive look at their practical applications in everyday spellwork. This approach is especially handy for those who are just beginning to build a collection of magical stones, since the spells themselves use only the stones featured in the guide! Foundations of Crystal Magic Of course, it's not enough to simply buy a few pretty stones and say some magic words over them. You have to build a personal relationship with your crystals if you want to work with them successfully. This guide will help you to do just that, with plenty of need-to-know information, including: - How crystals and mineral stones are formed in the Earth and how they're classified - How their unique energetic vibrations can help you shape the reality of your daily life on the physical, emotional, and spiritual planes - Profiles of 13 of the most widely used crystals and stones in contemporary Witchcraft - How to choose and care for your own crystals, including clearing and charging them for use in magic - How to harness the projective and receptive energies of crystals - Several spells and magical workings using crystals, including elixirs, candle spells and charms By the end of this guide, you'll have a solid foundation from which to build your own practice of working with crystals. But be sure to let the stones themselves guide you as well—they are natural teachers from deep inside the Earth and can aid you on your path no matter where it leads you!

Since Phyllis Currot first published *Book of Shadows*, the story of her spiritual journey and initiation as a High Priestess in the Wiccan community, *Witchcraft* has captured America's imagination as a theme for fiction, television shows, and films. Now America's highest-profile Witch returns to dispel more myths and misrepresentations of her faith, and to share a practical guide to the beautiful spiritual rituals and philosophies behind Wiccan tradition. Rich with enchanting stories from Currot's own experiences and detailed advice for creating potions, working with Nature, and finding the Divine within, *Witch Crafting* is much more than just another superficial recipe book. Currot's unique guidebook integrates the inspiration of religious wisdom with sound, practical information. *Witch Crafting* reveals how to: incorporate Wiccan practices into your daily life; master the secret arts of effective spell casting; create sacred space and personal rituals; perform divinations for insight and success; and tap the magical power of altered states, such as dreaming meditation, prayer, and trance. Perfect for beginners or seasoned practitioners, *Witch Crafting* is the ideal handbook for anyone seeking to unlock the divine power that makes real magic happen, and to experience the power and gifts of the universe more fully.

Everything You Need to Know to Start Working Candle Magic Today The use of fire is universal in religious and spiritual practices throughout the world. However, it could be said that Wicca and Pagan traditions are where fire really takes center stage, whether it's a ritual bonfire, tall candles honoring the Goddess and God, or small tea lights marking the boundaries of the sacred circle. One of the most delightful ways to work with the transformative Element of Fire is through candle magic. Simple, elegant, and highly symbolic, candles make it easy to work with this power in the form of a single, mesmerizing flame. Candle magic is a way of harnessing the unseen energy of the Universe into particular thoughtforms that work to effect a change in the physical world-whether that change is tangible, like more money in your pocket, or intangible, like a more positive outlook on a situation that once seemed hopeless. Candle magic is not only powerful, but is also regarded as the easiest and most simple form of magic for beginners to learn. This makes it an ideal starting point for anyone looking to start practicing Witchcraft. But while this guide is written from the perspective of Wiccans and other Witches, you need not identify with these paths to benefit from the practice of candle magic. No matter your spiritual leanings, you will find valuable, empowering information within these pages. Unlike many other books on this fascinating topic, Lisa Chamberlain's Candle Magic goes beyond simply providing spells and a brief list of color correspondences. While these are certainly essential components of a book on candle magic, there's a much bigger picture to understand. Using core concepts found in the ancient wisdom of the Hermetic Principles, as well as long-held traditions of color associations relating to specific goals, Lisa takes readers through a step-by-step explanation of how fire and color work together to manifest the changes you seek. Rather than wondering whether magic works, you will actually know how it works, which tremendously strengthens your odds of success! Foundations of Candle Magic Although candle magic can be delightfully simple, there's still more to it than just lighting a votive and saying a few words out loud. Like any other art, there are technical (not to mention safety) considerations, as well as other "tricks of the trade." In this guide, you'll find: - Core concepts underlying the "why" and "how" of candle magic - Practical tips for selecting candles based on your magical aims - Instructions for clearing, charging, anointing and inscribing your candles - Candle spells for love, prosperity, healing and more - Instructions for making your own herb-infused anointing oils - Tips for timing your spellwork in accordance with Moon phases and the days of the week - Suggested sources for further reading for those who want to explore candle magic further - Tables of correspondence with colors, herbs and oils, and days of the week for easy reference With the help of this guide, along with some patient practice, you will soon be discovering your ability to shape the circumstances of your life through the power of candle magic. Once you get the hang of it, you'll realize that the possibilities are truly endless! If you're ready to learn about the magic of candles, scroll to the top of the page and select the buy button. Do you want to start practicing magic? Not sure where to begin? Want a collection of spells that can transform and enhance your life? This inspiring new collection of spells and rituals from best-selling author Lisa Chamberlain is devoted to one of the simplest, and yet most powerful, tools of magic: the candle. A time-honored form of magic among Wiccans, Witches, and other practitioners, candle magic is not only highly effective, but is also regarded as the easiest and most accessible form of magic for beginners to learn. In fact, *Book of Candle Spells* can be used on its own or as a companion to Lisa's beginner's guide, *Wicca Candle Magic*. *Book of Candle Spells* isn't just for beginners, though. Seasoned magicians also find candle magic rewarding, and this book is designed to bring new ideas to anyone's magical practice, no matter their level of experience. Some of the spells and rituals featured here are focused exclusively on the combined magic of candle and color, while others incorporate additional tools, such as coordinating crystals and other color-oriented ingredients. As always, however, Lisa encourages readers to tailor the spells according to their own intuitive guidance. The *Magic of Light and Color* Candle magic brings together two powerful sources of magical energy: the Element of Fire and the potent vibrations of color. Every color has its own magical purposes, based on its traditional magical correspondences as well as its particular vibrational frequency. Lisa emphasizes these principles throughout *Book of Candle Spells*, which is organized by color and features the 14 colors most widely used in Wiccan and other contemporary magic. In each chapter, you'll find an introduction to the color that outlines its magical properties and ideal uses, followed by four example workings to try. Everything You Need to Know About Wicca, from Best-Selling Wicca Author Lisa Chamberlain It is estimated that there are over 1 million practicing Wiccans around the world today. But what is it that has made these people turn their back on the formal, structured religions that encompass the majority of the Western world? In our modern, high-pressured world, many of us fail to take notice the sheer beauty of the natural world surrounding us. In many ways, this is a travesty: the world we live in today seems so completely distant from the one our ancestors lived in, a world where humans and nature were at one, their existence intertwined in the natural cycles of life. Wicca is a new way of life, a religion that takes you back to a more simple time, before the invention of the high-tech gadgetry we see all around us. You will learn to live and appreciate the natural world that surrounds you, celebrating the intricate changes in the seasons and everything they bring - from the bounties of the Summer harvest, to the cold and darkness of the Winter months, as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings. Wicca is a re-incarnation of the very earliest religions, long pre-dating Christianity. Wiccans celebrate and share many of the same beliefs that these early people held, and try to embrace their way of life, all while remaining fully-functional in today's modern world. Getting Started as a Wiccan If you're sold on this new, exciting, peaceful way of life, that's great! Good to have you on-board. Unfortunately, and despite this commitment, this is where many people get stumped. One of the biggest questions I hear would-be Wiccans ask: "how do I start practicing Wicca?" The truth is, there is no right answer. If you endeavour to learn as much as possible about this religion, follow the core principles (for example, the Threefold Law), and revere the natural world surrounding you, as far as I'm concerned, you're a Wiccan. If you're just starting out, I'm sure this vague answer is of little help to you! That's why I set out to write this mini-series of books, titled Practicing the Craft. In this particular book, you'll learn everything you need to know about Wicca Book of Shadows - what they are, their history, and what to include in your own Book of Shadows. Wicca Book of Shadows Practicing magic isn't compulsory for Wiccans, however many people are inevitably attracted to the religion by the potential to positively change their lives for the better. As such, spellwork is one of the most discussed parts of being Wiccan. For those wanting to start practicing magic, keeping a Book of Shadows is a good starting point. A Book of Shadows is the ideal place to document your Wiccan journey, write down detailed spell outlines, and write any other information that may help you going forward. Because it contains all of your spells, many Wiccans will take their Book of Shadows into the circle during spellwork, too. Having a beautiful, leather-bound book will make the spell crafting process far more authentic - though you can use any book you like for constructing your own book. Due to the contents, many Wiccans are very private about their Book of Shadows. As such, you will probably want to take proactive steps towards protecting your book. This guide includes several privacy tips, as well as a dedicated spell for protecting your book. In other words, Wicca Book of Shadows will teach you everything you need to know to construct your own Book of Shadows, today! Would You Like to Know More?
